

Starwin Industries, Inc.

**Supplier Self Audit Survey**

Starwin Industries maintains a Quality Management System registered to ISO 9001 and AS9100 quality standards. As a result, we select subcontractors/vendors based upon their ability to meet both our product and quality system requirements.

We ask all our subcontractor/vendors to complete this survey and return it via Fax, e-mail, or the US Postal Service to the attention of Starwin's Purchasing Department. Any information disclosed will be considered confidential and will become part of your file in our Approved Suppliers List, which will be used by Starwin to quickly determine products/services provided by your company.

If you feel a question is not applicable to your company, indicate so by writing N/A in the YES/NO column and if necessary, provide an explanation. Thank you for your time on this important matter.
